INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

Board of Commissioners
Recreation District No. 2 of Allen Parish
Kinder, Louisiana

We have compiled the accompanying financial statements of the governmental activities and each major fund of the Recreation District No. 2 of Allen Parish (the District), component unit of the Allen Parish Police Jury, as of and for the year ended June 30, 2013, which collectively comprise the District's basic financial statements as listed in the table of contents. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

The management of the Recreation District No. 2 of Allen Parish is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule on page 23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information has been compiled by us without audit or review and accordingly, we do not express an opinion or provide any assurance on it.

The supplementary information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information has been compiled from information that is the representation of management. We have not audited or reviewed the supplementary information and, accordingly, do not express an opinion or provide any assurance on such supplementary information.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

A COMPONENT UNIT OF THE ALLEN PARISH POLICE JURY**

Kinder, Louisiana

Notes to the Financial Statements

As of and for the Year Ended June 30, 2013

INTRODUCTION

The Recreation District No. 2 of Allen Parish was created by the Allen Parish Police Jury. The District is governed by a board of five noncompensated commissioners who are appointed by the Allen Parish Police Jury. The District establishes regulations governing the park and playground and provides administration, management, maintenance and operations of the facilities. The District employs a varying number of seasonal, part-time employees.

Financial Reporting Entity

This report includes all funds which are controlled by or dependent on the Commissioners. Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, ability to impose a financial benefit/burden, fiscal dependency, and other general oversight responsibility.

Based on the foregoing criteria, Recreation District No. 2 of Allen Parish has no other fiscal or significant managerial responsibility over any other governmental unit that is not included in the financial statements of Recreation District No. 2 of Allen Parish, Louisiana. The District is a component unit of the Allen Parish Police Jury.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Recreation District No. 2 of Allen Parish, (the District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of these notes.

Such accounting and reporting procedures also conform to the requirements of the Louisiana Revised Statutes 24.517 and to the guidance set forth in the industry audit guide, Audits of State and Local Governments, issued by the American Institute of Certified Public Accountants and the Louisiana Governmental Audit Guide.

A. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Recreation District No. 2 of Allen Parish. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. All individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, expenses, gains and losses are measured and reported using the economic resources measurement focus and accrual basis of accounting.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District. Interfund transfers are made to meet current or anticipated needs.

The District maintains two funds. They are categorized as governmental funds. The emphasis on fund financial statements is on major governmental funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type: and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Recreation District No. 2 of Allen Parish
Notes to the Financial Statements (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The major funds are described below:

- a. General Fund –the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. Debt Service Fund – is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. General revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the Recreation District No. 2 of Allen Parish's investment policy allow the District to invest in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

D. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

The District does not use a valuation account for bad debts and considers its method to not result in an outcome that differs materially from results if the allowance method had been used.

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied in September or October and are actually billed to the taxpayers in November. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. The following is a summary of authorized and levied ad valorem taxes:

	Authorized And Levied Millage
Taxes due for:	
Maintenance	4.92 mills

Recreation District No. 2 of Allen Parish
Notes to the Financial Statements (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

E. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. As of June 30, 2013, all assets are capitalized at historical cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Recreation District No. 2 of Allen Parish maintains a threshold level of \$2,500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings & building improvements	20 years
Equipment	7-20 years
Furniture & fixtures	7 years
Vehicles	5 years
Infrastructure	20-40 years

F. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities type statement of net position. Issuance costs are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond issuance costs during the current period. The face amount of the debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

G. Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

- Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgage, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Recreation District No. 2 of Allen Parish
Notes to the Financial Statements (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As of June 30, 2013, the District had \$2,346 in restricted net position for interest due.

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance of the governmental funds are classified as follows:

1. *Nonspendable*, such as fund balance associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned),
2. *Restricted* fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation,
3. *Committed* fund balance classification includes amounts that can be used only for the specific purposes determined by a formal decision of the Recreation District's Board of Commissioners (the District's highest level of decision-making authority),
4. *Assigned* fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Intent can be expressed by the Board of Commissioners or by an official or body to which the Board of Commissioners delegates the authority, and
5. *Unassigned* fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications

When an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District has provided otherwise in its commitment or assignment actions.

The calculation of fund balance amounts begins with the determination of nonspendable fund balances. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then any remaining fund balance amounts for the non-general funds are classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purposes amounts exceed the positive fund balance for the non-general fund.

As of June 30, 2013, the District did not have any non-spendable, assigned, or committed fund balances. The District had a restricted fund balance in the general fund of \$2,346 for interest due.

H. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

The Recreation District No. 2 of Allen Parish uses the following budget practices:

A budget is adopted on a basis consistent with generally accepted accounting principles. An annual appropriated budget is adopted for the General Fund. All annual appropriations lapse at fiscal year end.

On or before the last meeting of each year, the budget is prepared by fund, function, and activity and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

The proposed budget is presented to the District's Board of Commissioners for review. The board holds a public hearing and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated. The budget was not amended.

3. CASH AND CASH EQUIVALENTS

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

In accordance with a fiscal agency agreement that is approved by the Board of Commissioners, the District maintains demand and time deposits through local depository banks that are members of the Federal Reserve System.

Interest rate risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of credit risk. The District places no limit on the amount the District may invest in any one issuer.

At June 30, 2013, the Recreation District No. 2 of Allen Parish has cash and cash equivalents (book balances) totaling \$142,695 as follows:

Demand deposits	\$ 14,926
Interest-bearing demand deposits	52,686
Time deposits	<u>75,083</u>
Total	<u>\$ 142,695</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2013, the Recreation District No. 2 of Allen Parish has \$157,037 in deposits (collected bank balances) that is insured by federal deposit insurance.

4. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The District makes routine transfers between funds to pay routine expenses that occur during the year.

All principal and interest requirements are funded in accordance with Louisiana law by the annual ad valorem tax levy on taxable property within the District.

Year Ending June 30,	Principal Payments	Interest Payments	Total
2014	\$ 25,000	\$ 4,692	\$ 29,692
2015	26,000	3,830	29,830
2016	27,000	2,933	29,933
2017	28,000	2,001	30,001
2018	30,000	1,035	31,035
Total	<u>\$ 136,000</u>	<u>\$ 14,491</u>	<u>\$ 150,491</u>

In accordance with R.S. 39:562, the Recreation District No. 2 of Allen Parish is legally restricted from incurring long-term bonded debt in excess of 35% of the assessed value of taxable property. At June 30, 2013, the statutory limit is \$10,031,127 and outstanding bonded debt totals \$136,000.

7. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of these risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. The District did not reduce insurance coverage during the year ended June 30, 2013.

8. SUBSEQUENT EVENT REVIEW

The District's management has evaluated subsequent events through December 10, 2013, the date which the financial statements were available to be issued.

9. NEW ACCOUNTING PRONOUNCEMENT

In April 2012, the Governmental Accounting Standards Board (GASB) approved Statement No. 65, "Items Previously Reported as Assets and Liabilities." The statement clarifies certain items that were previously reported as assets and liabilities as deferred outflows of resources or deferred inflows of resources. The provisions of GASB No. 65 must be implemented by the District for the year ending June 30, 2014. The effect of implementation on the District's financial statements has not yet been determined.

In June 2012, the GASB approved Statement No. 67, "Financial Reporting for Pension Plans" and Statement No. 68, "Accounting and Financial Reporting for Pensions". GASB Statement No. 67 replaces the requirements of GASB Statement Nos. 25 and 50 relating to financial reporting and note disclosures of pension plans. GASB Statement No. 68 establishes accounting and financial reporting requirements related to pensions for governments whose employees are provided with pensions through plans covered by Statement No. 67. The provisions of GASB Statement No. 67 must be implemented by the District for the year ending June 30, 2014 and provisions of GASB Statement No. 68 must be implemented by the District for the year ending June 30, 2015. The effect of implementation of these statements on the District's financial statements has not yet been determined.

10. ACCOUNTING CHANGE

The District adopted Governmental Accounting Standards (GASB 63) for the fiscal year ended June 30, 2013. The statement provides guidance for reporting the financial statement elements of *deferred outflows of resources* and *deferred inflows of resources*. It also reports net position instead of net assets.

The District also adopted GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA pronouncements" for the fiscal year ended June 30, 2013.
